Professional Summary

Full-stack Software Engineer with 1+ year of production experience building and shipping scalable web applications using React.js, TypeScript, Node.js, and PostgreSQL. Proven track record of delivering real impact — migrated legacy PHP backends to Node.js, implemented real-time customer communication via Twilio Flex, and deployed cloud-hosted platforms on AWS (EC2, RDS, S3). Built and launched **WithUs**, a full-stack Farm-to-Door delivery platform, end-to-end as a solo founder. Thrive in fast-paced, product-driven teams where clean code and user impact both matter.

Technical Skills

Languages: JavaScript, Python, SQL, HTML, CSS
Frontend: React.js, Tailwind CSS
Backend: Node.js, Express.js, RESTful APIs
Databases: PostgreSQL
Cloud & DevOps: AWS (EC2, RDS, S3), Vercel, Git, GitHub
Tools: Postman, VS Code

Work Experience

Software Engineer Nov 2025 – Present
nRich IT Consulting Services *Visakhapatnam, India*

- Actively contributed to migrating legacy PHP backend to Node.js across a client-facing mobile app, website, and admin portal — improving system scalability, reducing technical debt, and simplifying deployment workflows.
- Integrated Twilio Flex to enable real-time live chat support across web and mobile platforms, improving customer response workflows for end users.
- Built and shipped a production-grade responsive frontend using React.js, TypeScript, and Tailwind CSS, ensuring cross-device consistency and maintainability.
- Implemented rate limiting and request throttling on backend APIs, preventing server overload and improving reliability under high traffic conditions.
- **Technologies:** Node.js, React.js, TypeScript, Tailwind CSS, PostgreSQL, AWS (EC2, RDS, S3), Twilio, WhatsApp API, Git

Full Stack Developer Intern 2024 – 2025
Edubot Software and Services *Vijayawada, India*

- Developed responsive, accessible front-end interfaces using React.js, TypeScript, Tailwind CSS, and Shadcn UI — contributing to a consistent design system across the product.
- Designed and implemented RESTful APIs using Node.js and Express.js, enabling reliable frontend-backend data flow across multiple features.
- Participated in Agile sprints, collaborating with designers, backend engineers, and product managers to ship features iteratively and on schedule.
- **Technologies:** React.js, TypeScript, Node.js, Express.js, Tailwind CSS, PostgreSQL, Git

Projects

WithUs - Farm to Door Delivery Platform | *React.js, TypeScript, Tailwind CSS, Node.js, PostgreSQL* 2026

- Designed and built a full-stack Farm-to-Door delivery platform end-to-end, featuring product listings, cart management, and order placement for customers.
- Built a complete admin dashboard to manage products, track orders, and handle operational workflows.
- Designed and implemented RESTful backend APIs with Node.js and integrated PostgreSQL for efficient, structured data management.
- Deployed frontend on Vercel and backend on AWS (EC2, RDS, S3) — fully production-hosted with real infrastructure.

Disease Predictor & AI Prescription Generator | *Python, scikit-learn, Flask, Streamlit* 2025

- Trained a machine learning classification model using scikit-learn to predict diseases from user-entered symptoms.
- Generated multilingual audio prescriptions in English and Telugu using speech processing libraries, making the tool accessible to regional users.

- Built an interactive UI with Streamlit and served predictions via a Flask backend.

YouTube Transcript Summarizer | *Python, Flask, Google Gemini AI* 2024

- Built an AI-powered web app that extracts YouTube transcripts and generates concise summaries using Google Gemini AI.
- Implemented backend pipeline for transcript extraction, text chunking, and Gemini API integration for accurate summarization.

Education

Rajiv Gandhi University of Knowledge Technologies Nuzvid, AP, India
Bachelor of Technology in Computer Science *2021 – 2025 | CGPA: 8.51*

Rajiv Gandhi University of Knowledge Technologies Nuzvid, AP, India
Pre-University Course (PUC) *2019 – 2021 | CGPA: 9.34*

Z.P. High School Vemulapudi, AP, India
Secondary School Certificate (SSC) *2019 | CGPA: 10*

Certifications

Claude Code in Action — Anthropic (2026)

AI for Everyone: Master the Basics — IBM (edX)

Job Oriented Training and Internship Program — Edubot Software and Services (2024)
